

#1009 GOLDSTEIN

1003544481

THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

August 13, 1974

Grant application No. 1009

PHARMACOLOGY

To: The committee comprising Drs. Bing, Gardner, and Jacobson

Subject: Leonide Goldstein, D.Sc., CMDNJ-Rutgers Medical School,  
Piscataway, N.J.  
New application No. 1009  
"Behavioral and EEG Analysis of the Short-term Effects of  
Smoking Cessation".

History

CTR has supported this investigator through grant No. 642,  
with renewals and continuations, since 1968.

The enclosed application proposes a new venture using human  
subjects.

Request

Application No. 1009 requests \$31,822, for one year only.

Documents Submitted (attached)

1. Application dated 7/31/74.
2. Reprints of the first two papers listed on the "PUBLICATIONS"  
page following Dr. Goldstein's CV.

Comment

Dr. Goldstein is also applying for continuation of his long  
term grant, No. 642D. Both proposals are being sent to the same SAB  
committee, and outside evaluations of both will be sought.
